

SECTION OF THE SUMMIT ROCK AT WOODHEAD
ON THE LINE OF RAILWAY BETWEEN
MANCHESTER AND SHEFFIELD
SHOWING THE STRATIFICATION OF THE MEASURES PERFORATED AND
THEIR RELATION TO THE VARIOUS LINES OF THE TUNNEL, SHAFTS & C. 1839.

By W.A.Purdon C.E.

Reproduced by Forgotten Relics/Four by Three 2011.

The figures marked upon the right hand side of the shafts indicate the distances between the various Water Lodges where the pump lifts were broken.
